

Deepti DP

Finance & Accounts Payable (P2P) Specialist

Demonstrated an evangelist mindset—advocating for agile processes, sustainability, and the integration of AI-driven solutions to create smarter, faster, and more efficient finance operations. My ability to align financial processes with strategic business objectives has not only led to operational gains but has also earned recognition for ownership and innovation.

Introduction

Welcome to my portfolio!

I'm recognized as an SME in the P2P space, where I've led initiatives to improve operational efficiency, reduce costs, and drive innovation through projects and agile practices. My approach combines strategic thinking with hands-on execution, ensuring alignment between business goals and day-to-day operations.

About Me

I specialize in turning numbers into actionable insights—blending financial acumen with process optimization and technology-driven solutions. I'm Deepi DP. I bring over 6.5 years of experience in Accounts Payable and the Procure-to-Pay (P2P) domain, with a proven track record at organizations like HP and IBM.

Skills and Expertise

1

Agile Methodologies

2

Process Expertise / Client Management

3

Gen AI / Chat GPT / Co-Pilot / ICA

·Recognized for a customer-centric approach by effectively guiding clients to timely and practical solutions, enhancing client satisfaction and trust.

4

Power BI

5

MS Office (Word, Excel & PowerPoint)

6

Lean & 6 sigma

·Delivered prompt and effective support to high-value clients, resulting in zero customer escalations and zero Defective Payments (DP), indirectly aligning with Six Sigma Yellow Belt standards for quality and efficiency

Portfolio Overview

I'm also a Six Sigma practitioner, focused on quality and continuous improvement. I believe in empathetic communication—clearly articulating issues, their impact, and proactive solutions—and I'm passionate about building capability through strategic training and team development.

What drives me is transforming challenges into growth opportunities and helping organizations future-proof their operations. I'm excited about roles where I can contribute to meaningful outcomes, leveraging both finance expertise and technology to create real-world value.

Branding Projects

Reduced manual invoice processing effort by over 50%, improving overall process efficiency and accuracy by -

- Implemented ICR to automate invoice field recognition and reduce invoice handling time by 2–3 minutes per invoice.
- Enabled automatic GR for invoices < \$5K USD using EASY GR, significantly improving turnaround time (TAT)
- Enabled vendors to submit invoices directly through OB10, automating invoice capture.

IBM India Pvt Ltd

Finance & Admin Delivery Specialist

- Automated invoice processes using ICR and EASY GR, cutting processing time by 50%.
- Managed AP operations for New Zealand market independently and acted as Work Leader for MY, PH, and AU markets.
- Designed and maintained Power BI dashboards for performance tracking and invoice prioritization.
- Handled vendor queries, Account reconciliations, reporting and direct postings (Mayflower, AMEX).
- Played a vital role in process transition, documentation, and client escalations (internal & external) resolution.

HP Global e: Business Operations

Senior Process Associate – Financial Associate III

These projects reflect my ability to create visually striking print collateral that communicates effectively and leaves a lasting impression.

P&G
